

## PAX sanitization station for boarding / COVID19 action

COVID19 had an immense impact on the global air travel. Bacteria and virus's scare people to fly aircrafts and sit close to other people. So every measure to increase the passenger "feel-good" can help to get back to normal. The sanitization station contains sanitization wipes that kill 99.99% of the most common germs and can be offered to the PAX during each boarding.

### Product features

- Trolley has implemented stock of hand sanitizing wipes
- Use of FWD galley to move "sanitization station" close to door and aisle during boarding.
- Wipes can taken off touchless during boarding of PAX
- Trolley available as KSSU or ATLAS
- Material used are all aerospace qualified (EASA 25.853, App F, flame smoke & tox)
- Individual designs of covers possible to customize for airline purpose
- Trolley capacity is reduced only by 1/3 of a trolley
- Wipes not regulated as a dangerous good

### Benefits

- ✓ Support measure to increase PAX well-feeling on board
- ✓ "We take care of our passengers" support
- ✓ Sanitizing wipes support clean cabin approach
- ✓ Small investment with huge effect
- ✓ No cabin crew task > PAX can help himself/herself
